

# Fire Marshal

[www.ouchtraining.co.uk](http://www.ouchtraining.co.uk)

This qualification provides employees with the knowledge to help them to carry out designated duties relating to fire safety and emergency procedures in the workplace, for example as fire wardens or fire marshals.

## Who needs this qualification?

This course is suitable for employees who may be part of a first response team or have specific fire safety responsibilities to the designated responsible person.

## Why is this training important?

The Regulatory reform (Fire Safety) Order 2005 (FSO) requires the responsible person to appoint and provide adequate training for one or more 'responsible persons' to assist with fire safety in the workplace.

## Outline Programme

This qualification covers the following topics:

- Fire Safety Order 2005
- Responsible person
- The truth about fire
- Causes of fire and ignition sources
- Fire prevention measures
- Fire extinguisher use and inspection

- Emergency procedures
- Inspection records
- Hot works permits
- Fire hazard identification & risk control
- Emergency plans
- Client specific topics

## Learning Outcomes

Successful candidates will be able to:

- Understand fire safety procedures and policies
- Provide assistance to the Fire safety Manager
- Understand the principles and practice of fire safety management at work
- Understand the role of the nominated Fire Marshal

# Ouch Courses

## Training you can't ignore.

At Ouch we believe that health and safety shouldn't just be a tick in a box, through innovative training we aim to inspire competence not just compliance.

Our highly skilled and experienced trainers endeavour to deliver a range of outstanding courses. We use a range of innovative techniques to ensure the content is engaging and relevant for our delegates. We know that if the learning experience is enjoyable then you will remember your new skills and be able to recall them when they are really needed.
