

# THINK OUTSIDE THE BOX

## IOSH Managing Safely

# ouch

training team

[www.ouchtraining.co.uk](http://www.ouchtraining.co.uk)

Every manager should have an understanding of their responsibilities when it comes to health and safety.

This flexible course is ideal for getting managers up-to-speed on the skills they need to tackle safety and health issues in the workplace.

### Who needs this qualification?

Managing safely is designed for managers and supervisors in any sector, and any organisation. They won't suddenly become safety experts- but they'll get up-to-speed on the practical actions they need to take and gain the knowledge and tools to tackle the safety and health issues they're responsible for.

### Why is this training important?

The role Managers and supervisors play in maintaining workplace health and safety cannot be understated. Often they are in the front line of day to day health and safety management issues. Therefore having confident and competent managers is vital to the smooth running of all businesses.

### What does the business get?

- Peace of mind offered by training that's quality-controlled by IOSH
- Not too much downtime- our course can be delivered flexibly so that it suits your business
- Efficient and effective learning
- Nationally-recognised and respected certificate

- Memorable and thought-provoking facts and case studies help drive the points home

### Outline Programme

This qualification covers the following topics:

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance
- Protecting our environment

### Learning Outcomes

Successful candidates will be able to:

- Greater productivity, from fewer hours lost due to sickness and accidents
- Improved company-wide safety awareness culture and appreciation for safety measures
- Active staff involvement to improve the workplace
- Enhanced reputation within the supply chain
